

IFDS Fax Number Changes

Effective 15 May 2017

IFDS have previously communicated that we are consolidating the number of processing environments within our workflow infrastructure, and in parallel have moved all clients to 'basic rate' fax lines. As a result of the consolidation we aim to have one fax number which will cover all Fund Groups.

The migration is part of an ongoing project that we aim to complete by the end of June 2017. To achieve that deadline a small number of Fund Groups will move to a separate fax number, meaning Distributor Client Services will have 2 basic rate fax lines for all Fund Groups at that time.

With effect from **15 May 2017**, please ensure you are using the new fax number **0330 1233684** from the UK or **0044 1268 457712** from overseas for the following Fund Groups.

Aberdeen

A full list of Fund Groups that have already transitioned is available on page 2 of this communication. Please ensure you are using the correct fax number for those Fund Groups with immediate affect.

Should you have any queries about this communication please contact the IFDS DCS Team, using contact details found [here](#).

Fund Groups migrated to date
